REVEAL

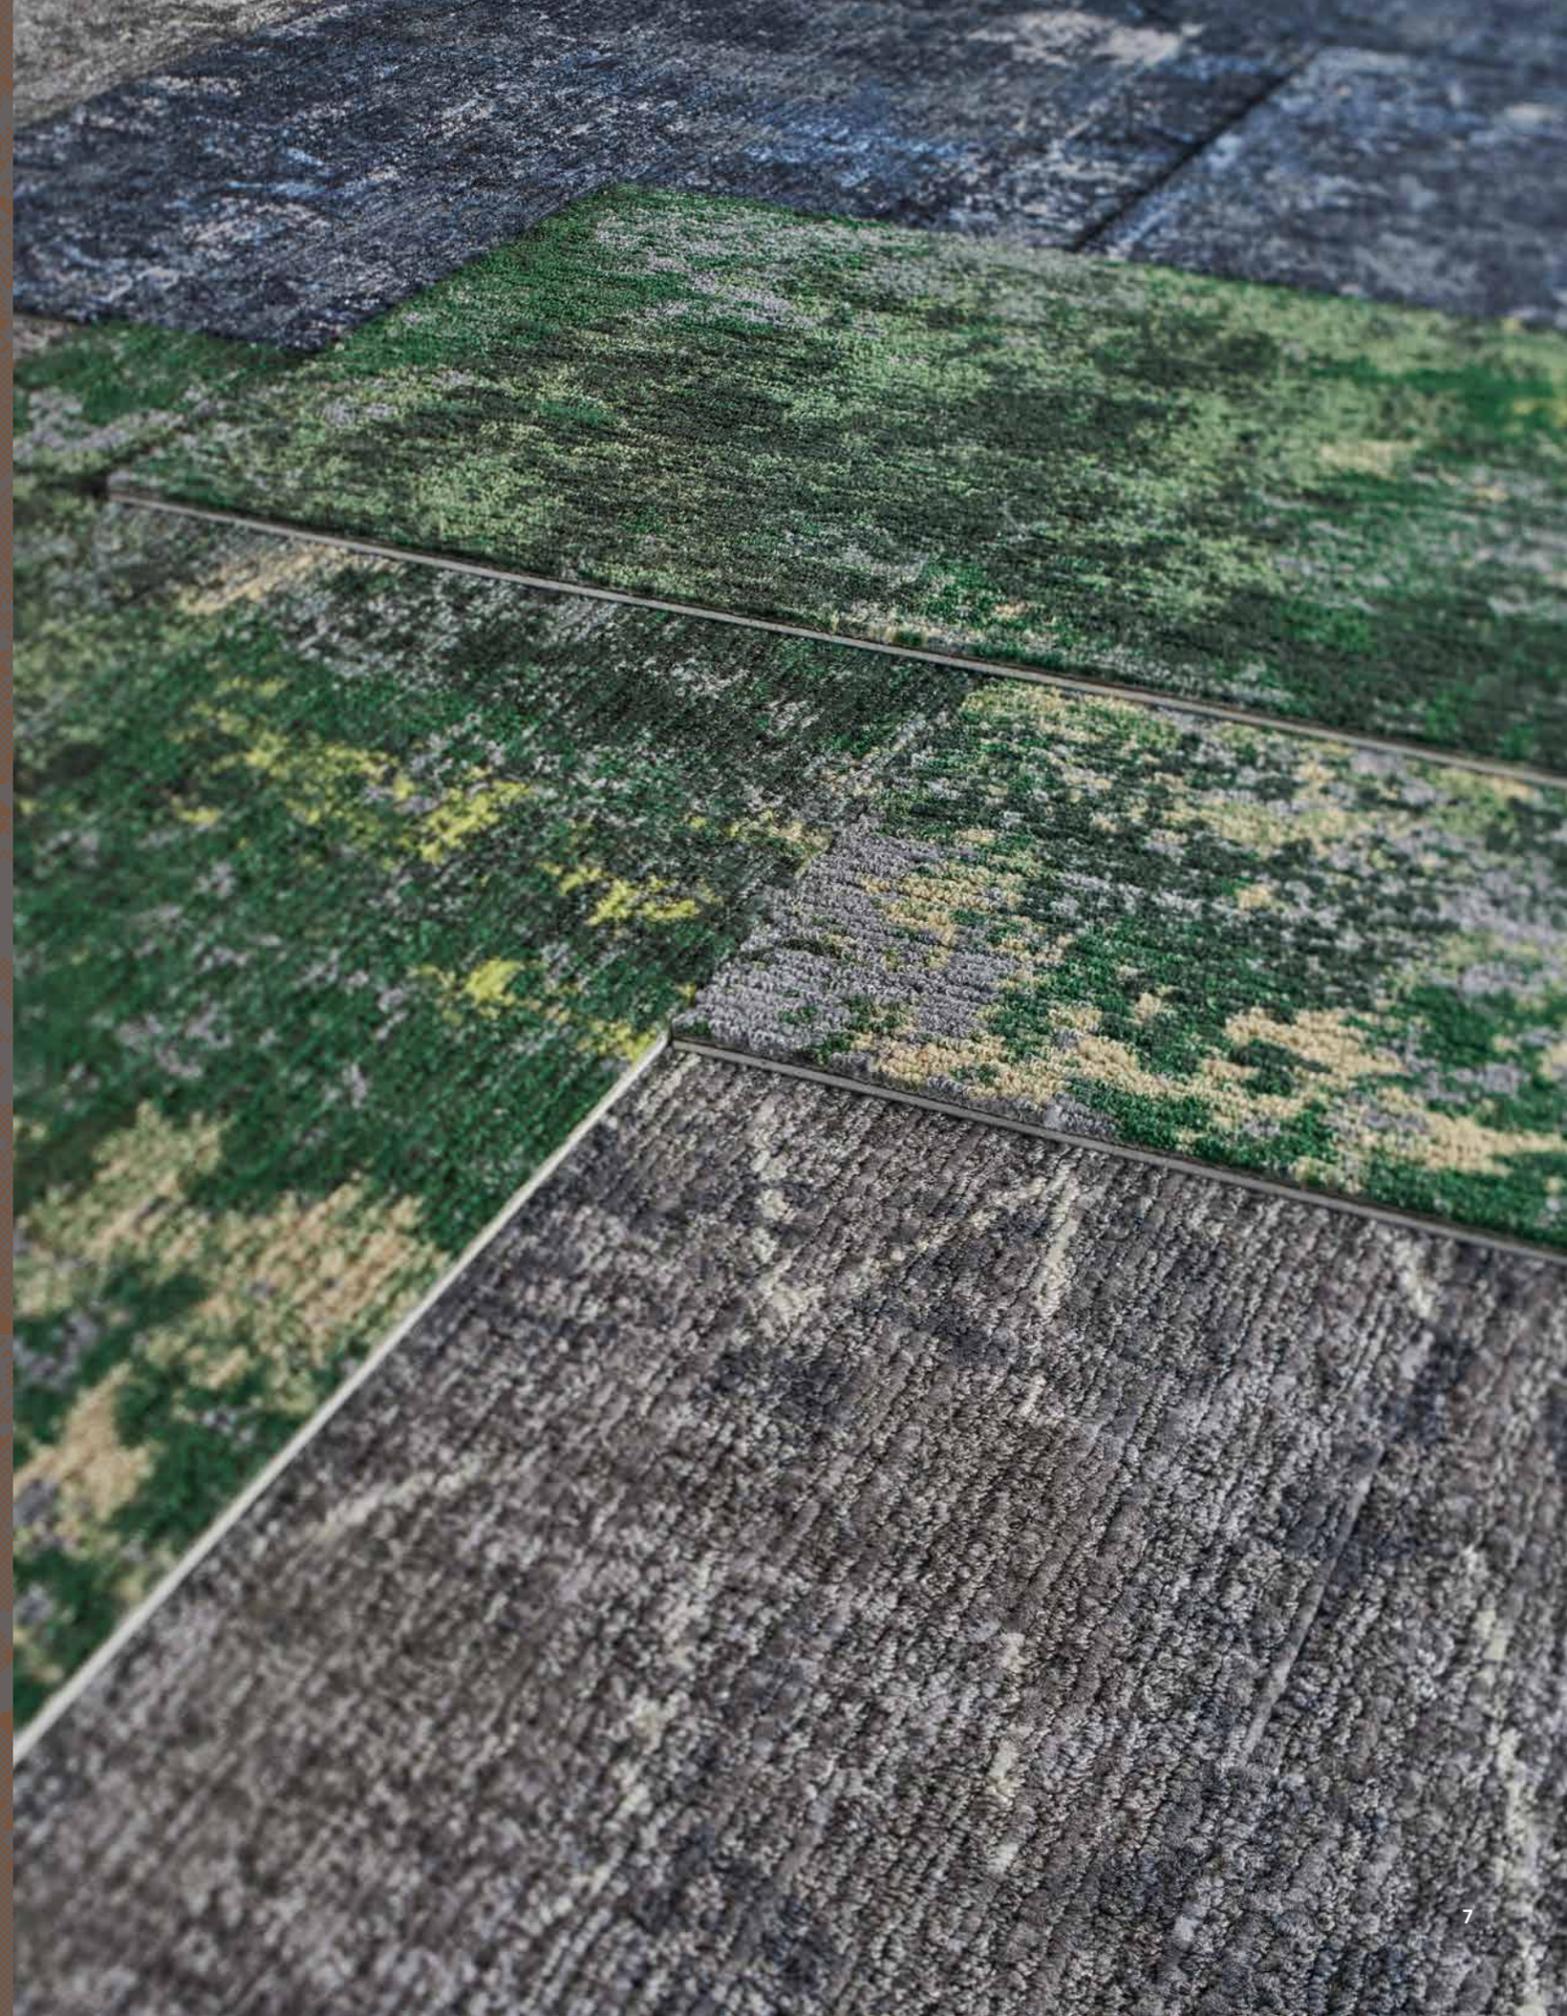

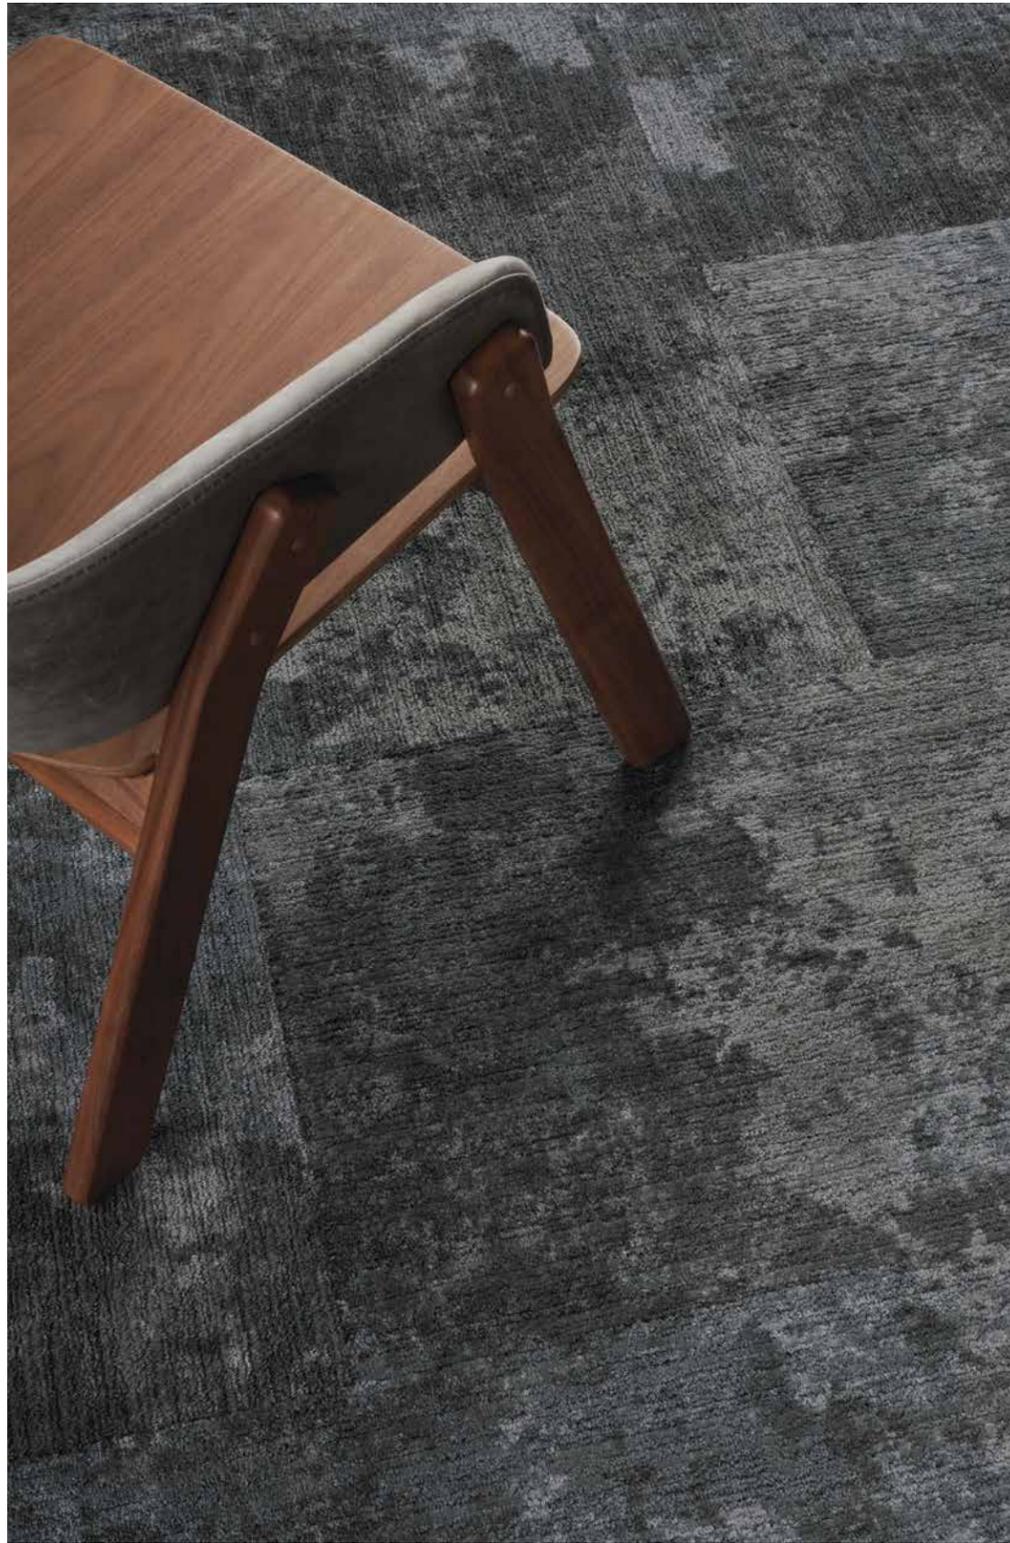

WANDER

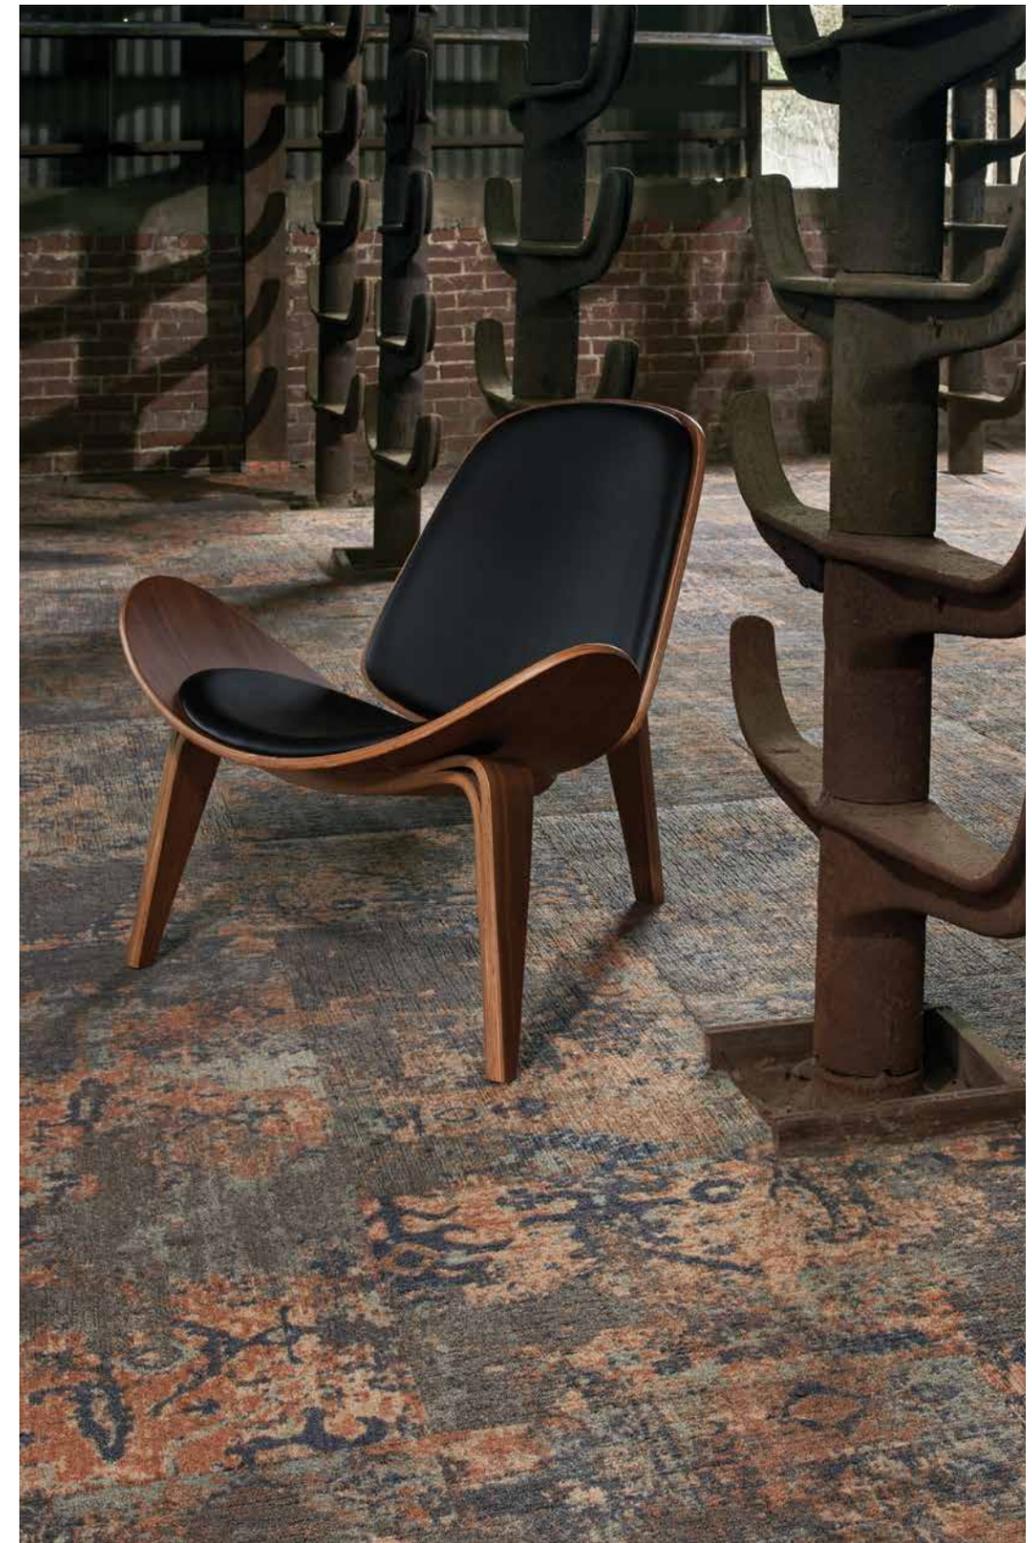

Luxurious yet serene.

With the relaxed elegance of Revelation, you can easily create sophisticated yet comfortable spaces. This is true premium carpet, thick and rich to provide comfort and warmth – ideal for luring workers back to the office or impressing your most discerning guests. Blend pattern, texture, luster and color to express your design vision. Use each pattern alone or bring them all together to tell a more robust design story.

For the Revelation collection, Milliken used several different yarns. Contrasting lusters and tufts are essential to creating texture and visual interest, both up close and from a distance. PrintWorks™ technology allows us to layer color to achieve results that would not be possible otherwise.

Create seamless transitions
between colors and patterns to
expand the design of your space.
With the Revelation collection,
you are the ultimate storyteller.

Sixteen colors to refine the details of your space.

The color palette was inspired by a mix of natural dyes used by artisans throughout history. Choose from neutral grays and deep reds to jewel tones. Our patented PrintWorks™ technology uses fluid dyes to achieve effects and colors that are just not possible through pre-colored yarn. With Revelation, we created a time-worn look with some colors appearing to have faded while others remain vibrant.
